| At the start of the conference, a QR code will be shown on screen, and an access link will also be provided in the chatroom.		
Steps	Attend sessions through **desktop/laptop**	Attend sessions through **mobile device**
1	Tap the Attendee Link.	Use your mobile device's camera or barcode scanning app to scan the QR code, which will appear like this:
2	This will automatically open Wordly in your device's default browser:	
3	Choose the language you want Wordly to translate spoken dialogue into. Example: If the speaker is speaking in English and you want to translate into **French**, select **French**.	
4	Enter the Session ID (four letters and four numbers), which will be provided by us.	
5	When ready, click the **Attend** button ( ) to start.	
6	When finished, close the browser, the tab, or click the **exit** button ( ) to leave the session.
